

Winter Camp

Sometimes things change. One thing that doesn't change is Winter Camp. It remains the best chapter event in the Order of the Arrow. Even with the uncertainty of Covid-19, we plan to have Winter Camp. Of course, things may be a little different. One of the differences is **Winter Camp: At Home**.

This year, for the first time, Winter Camp will have a remote element allowing those who can't attend to enjoy the activities and fellowship of this unique event.

We can't hold Winter Camp in cabins the way we have in the past and we know that some Arrowmen won't be able to attend an in-person event. Because of that, we're offering Winter Camp at Home. This is your chance to participate in Winter Camp from the safety of your own home and involve your whole family if you'd like.

We're going to offer the At Home kit for a nominal fee and allow anyone to share some of our activities and meals. The contents of the kit are shown at the right.

Questions or suggestions? Please email sdonohue@wintercamp.com
